3. Reports, Updates, Informational Items
   a. Principal Reports

Mrs. Martin reported:
School Improvement Update
ACT Score Highlights

- ACT scores average is 17.14
- Each subject area reflects an average growth.
  - The strongest area of growth was 78% in reading and 72% in Language Arts and 67% in Science, and Math reflected a 56% growth
- The composite (overall) scores grew by 44%
- 19% of the composite scores are proficient
- 19% of the composite scores are above proficient

At the start of the school year, the SIP committee created growth goals customized for each student based on their academic strengths and abilities. This growth was not necessarily focused on composite scores, but sub test growth. This goal was reached.

After the ACT, I had Miss Davidson survey the juniors to obtain their feedback focusing on ACT Prep and tests. The results are listed below:

- 90% of the students said the Promoted Incentives encouraged them to take the test prep and test day more seriously

- 85% felt more confident with science due to the practice tests and prep class
- 91% felt more confident with Language Arts and Reading due to the practice test and prep class
- 94% felt less prepared with the math because they felt the math was harder and more complex than what they were exposed to.
- 100% agreed they would have been more prepared if the ACT Prep was a part of their daily curriculum, instead of a prep class.

Junior High IAR scores

- The current SIP goal was developed to show 85% of students to show growth with their individualized goals. ELA met this goal.
- Mrs. Cook's ELA classes saw strong growth with IAR
  - 8th grade ELA scores reflected a 67% proficiency
  - 7th grade ELA scored reflected 73% proficiency
